

**** NOTICE ****

The Electric Duet is shipped on a double sided diskette. The reverse side is your backup. Should the diskette ever become damaged, simply return it with five dollars to cover shipping and handling to:

INSOFT

10175 SW BARBUR BLVD. SUITE 202B
PORTLAND, OR. 97219

for a prompt replacement.

Due to the diskette protection used on The Electric Duet, the screen will fill with inverse 'R's after saving a player module on your diskette (see page 14). This is normal and occurs only after the player has been correctly saved. Simply reboot your Electric Duet diskette to re-enter the program.

**** CORRECTIONS ****

An enhancement was made to the Electric Duet to improve its sound quality and to simplify music entry. This was made possible by using a single duration value for both notes. Please insert the following changes into your Electric Duet manual.

Page 4 - In the last example, both durations should be "4."

The last paragraph should state that durations for both notes are the same.

Page 8 - The first paragraph should read:

When you are changing durations, you need only enter one of the durations for both to be changed. This is because both notes use the same duration value.

Page 7 - In the last paragraph, the first references to ConTRoL-[R] and ConTRoL-[F] are reversed. ConTRoL-[R] will lengthen note durations, while ConTRoL-[F] will shorten them.
